## Fire Prevention Week, October 6th to 12th

### Coleman Oldtimer Passed Away

Another of Coleman's builders in the person of Angelo Celli, aged 78, passed away in Crows Nest Pass hospital on Saturday last.

Born in Italy, the deceased came to Coleman in 1908. He was employed here in the McGillivray mine until his retirement in 1952.

He was a member of the Italian Lodge and of the Catholic faith.

Funeral services were conducted by Rev. D. Fleming from the Holy Ghost Catholic Church on Monday morning. Members of the Italian Society acted as pallbearers. An Italian Service was read at the graveside by Angelo Toppano and members of the Italian Society to pay their last respects to their departed member. Interment was in the Catholic cemetery.

Survivors include five sons, Orazio of Coleman, Amos of Calgary, Mario of Vancouver, Jerry of Edmonton and Armond in Australia, one daughter Mrs. H. Rubbra of Vancouver, one brother Frank of Vancouver, and several grand children.

### Special Meeting

A special meeting of the Coleman Curling Club was held last Friday evening to determine means of financing a new roof for the Coleman curling rink.

Damage to the roof during the hail storm in August was estimated at approximately \$1,000.

It was decided that the money for repairs would be raised by having as many club members as possible pay two years' fees in advance.

Saturday morning a work crew of about 15 men began re-roofing the rink and by Sunday evening all was completed.

Clean, comfortable accommodation to suit every purse: hostel cabins in the foothills and mountains for hikers; auto courts and motels for motorists; hotels from family style to palatial luxury serve Alberta's visitors all year-round.

### Departing Residents Are Feted

Friends gathered at the home of Mrs. J. Kwasney recently in honor of Mrs. J. Maynard who is leaving to reside in Raydon, where he has gained employment.

The assembled guests after partaking of a delicious lunch presented her with a gift and wished her success in her new home.

Mrs. Maynard ably thanked them and also stated she was sorry to leave.

On Friday afternoon at the close of classes the grade 9 students presented Judy Maynard with a small gift. Annie Mae Taggart and Deborah Ruzman made the presentation on behalf of her classmates.

They said they were sorry to see her leave and hoped her school life there would be as happy. Judy thanked everyone for her lovely gift.

On Wednesday evening nine classmates of grade 6 of Leslie Maynard gathered at the home of Mrs. C. Cover to honor her.

After an enjoyable lunch served by the hostess the honor guest was presented with a jewel box and bracelet. She ably thanked her friends for their thoughtfulness.

Mrs. J. Park drove the Maynards to their new home at Raydon on Sunday.

### Bellevue Youth Wins Cash Award

Darryl Ruymackers of Bellevue, was presented with a \$50 scholarship award by Mrs. H. Newton, president of the Ladies' Auxiliary to the Bellevue Canadian Legion.

Plan-beaters of the Auxiliary were Mrs. Carly Alsopp and Mrs. Eliza Green.

The presentation was made at the Bellevue school Tuesday afternoon before the high school grades.

In presenting the award, Mrs. Newton congratulated Darryl for his fine achievement and wished him every success in his university studies.

After accepting the awards Darryl thanked the auxiliary for sponsoring the scholarship and his teachers for their efforts and time given him during his school years.

Darryl is the 18-year-old son of Mr. and Mrs. John Ruymackers of Bellevue. During his term he was president of the Bellevue Students' Union.

He won the award for having attained the highest marks in the Bellevue grade 12 class last term.

He will leave this month to enter the University of Alberta, where he will take his first year engineering.

### Board of Trade Meeting Discusses Coal vs. Gas

The first meeting of the regular schedule of Board of Trade winter meetings held in the Grand Union dining room saw very few members in attendance.

Highlighting the meeting was a prolonged discussion on coal vs. gas as cheap fuel. Reports showed that gas was more costly to the extent of two and one half times over coal on one million BTU.

A report from a representative of the Dominion Coal Board stated in recent reports that five years from 80 per cent of the power will be produced from coal. In three years there can be a shortage of power if no further plants are built. It was further pointed out that the power commissions of three western provinces agree that there is a much greater need for coal than is now being demanded.

Mr. D. Young, board president and general manager of Coleman Collieries, replied to a question in regard to the present demand for coal from his company. "Coal markets at local level will hold their own this year."

The matter of a new approach to Coleman from the Kananaskis highway was brought before the members and it was stated that Coleman Collieries engineers had mapped out a new route and were negotiating with other local officials to assist in this program.

The main stumbling block to date was the tardiness of the Department of Public Works to have suitable culverts made available for this project. Further representations will be made to the Department engineers for this project to get under way.

Reports on a new post office for Coleman were heard and some information implies that we may get some action in the near future.

Other reports since the meeting shows that a coal policy will be presented to the government by the Alberta Chamber of Commerce.

Under the heading of general business, Mr. D. Young was instructed to give this board's objection to the Canadian Chamber of Commerce convention being held in Vancouver, to the merging of the Dominion Coal Board with an overall body of fuel and energy board.

On the proposed increase being requested by the railways the Coleman board will submit to the Alberta Chamber of Commerce a protest in any increase at the present time.

In finalizing the regular business of the board, Mr. Young was requested to attend the Lehighridge Chamber of Commerce Industrial

Workshop on October 9th if possible. A very important piece of final business was the board's decision to erect picnic tables and benches in the Park for the convenience of the travelling public.

The matter of the Rodeo held this year was brought up with the reading of the financial statement and it was considered by all that we had done very well considering the weather conditions.

A very sincere vote of thanks was extended to all committees and workers who had given so much time to make the Rodeo a success. The Grounds committee did an outstanding job as well as the others with the tremendous amount of work that was required.

The success of the Rodeo rests with these committees and the generous work of the volunteer workers.

Coleman can be justly proud of these public-spirited citizens.

### Polish Society Hold Successful Bazaar

On Saturday, September 21 the Polish Society held a very successful tea and bazaar in the Polish hall.

Beautiful crochet, embroidery, and other handicrafts were on display. They served a very delicious tea.

A dance was held in the evening which was very well attended.

The Tomahawk prizes were drawn for during the evening. Lucky winners for the evening were:

1. Electric coffee pot, S. Macke.
2. Table lamp, Lawrence Kay-sika.
3. \$5 cash, H. Corbett.
4. \$5 cash, P. Oswald.
5. Large tablecloth, J. Squor-vich.
6. 10 gallons gas, A. Castellano.
7. Dry goods and plaque, Mrs. A. Petrov.
8. Dry goods and \$2 cash, B. Clarke.
9. 49 lb. flour and \$2, W. E. Bole.
10. Plaid ham and shoe repairs, A. Alder.
11. 50 lbs. flour and \$3 groceries, D. Corbioni.
12. Ornament and \$3 cleaning, M. Sorvillo.
13. Theatre passes and hostess, Mrs. F. Sygmat.
14. 140 lb. cheese and groceries, M. Boudreau.
15. Rug and shingle paint, Mrs. J. Taton.
16. 49 lb. flour and towel set, M. Frenton.

The tea prize was won by Mrs. Betty Olszewski and the guessing contest by J. Kowalski.

### Legion Resumes Bingo Series

A good crowd filled the Canadian Legion clubrooms on Friday evening when the first Bingo of the fall series was held.

No one was able to take home the \$25 Jackpot however. This means that at the next bingo the Jackpot will be \$30 to be won in 55 numbers. This will be on Friday, October 11th.

The \$5 Jackpot consolation was split by Mrs. H. Garner and S. Kryzys.

Other winners of the lovely prizes offered were:

- 1—Griddle, Mrs. V. Ferogott.
  - 2—Roaster, Mrs. E. Ferano.
  - 3—Electric iron, Mrs. F. Guerard.
  - 4—Gas, E. Belik.
  - 5—\$5 cash, split by A. Anderson and J. Wilson.
  - 6—Barboard, J. Barbaletti.
  - 7—Train case, Mrs. R. Parry.
  - 8—Fishing basket, M. Ferano.
  - 9—\$1 cash, E. Belik.
- Consolation winners were W. Jenkins and A. Hirst.

Canada's net national public debt has increased since 1939 from just over three billion dollars to just over 11 billion dollars.

### Council Again Discuss TV Service

At the regular meeting of the Town Council the subject of piping television into Coleman was again discussed.

Two firms wish to obtain the franchise here. Plans will be speeded up so this service may be available before the winter months.

The Board of Public Utilities must approve this scheme. The people of Coleman will then be given a chance to vote on this proposal.

Town employees desiring holidays must apply in writing for such holidays before they are granted council decided.

A resident attending the meeting and enquiring about the problem of drainage on Sixth Street, was assured that new curbs and a system of drainage were planned for this area in the spring.

Several relief cases were discussed and settled by Council.

The town once again renewed their membership in the Canadian Federation of Mayors and Municipalities.

### Royal Purple Present Award

At the recent presentation of awards to students obtaining the highest marks in grade 12, Gail Vincent was the recipient of a \$50 scholarship presented to her by the order of the Royal Purple.

Mrs. J. Petusk, Past Honored Royal Lady of the Coleman Lodge, of the Royal Purple, presented Gail with the award and wished her every success in her chosen career which is teaching.

Mrs. Petusk stated she hoped Gail would be as successful in her future life as she had been while attending Coleman high school.

Gail very ably thanked Mrs. Petusk and the Royal Purple for their generosity and hoped they would continue to donate this scholarship in future years.

She urged all students to strive to win these awards as it gave them a wonderful goal to try and achieve during their school life.

She also thanked her parents and teachers for being instrumental in helping her to get her chance in life she had.

### C. N. P. Hospital Receives Respirator

The Alberta Chapter of the Canadian Foundation for Polioyelitis, sponsored by the Canadian Legion, Alberta Command.

Presentation at the Crows Nest Pass Hospital of a Monaghan respirator and equipment was made by the president of the Blairmore Legion to the Hospital board on Wednesday, September 25 at 2:30 p.m.

Representing the Hospital Board were Mr. H. Chamberlain, Mr. S. Maz and Mr. Horejoi, the matron and nurses being present.

Representing the Coleman Legion, was Mr. R. Parry and Mrs. J. Anderson, president of the Ladies' Auxiliary and Mrs. R. Parry, the treasurer.

This is a very fine piece of equipment being the most modern and up-to-date respirator.

The Canadian Legion are to be congratulated for their efforts, being sponsors of the Polio Fund.

The citizens of the Crows Nest Pass too are to be congratulated for their generosity to the fund, as this is the reason why the respirator was placed in the Crows Nest Pass Hospital.

This respirator and equipment cost \$1900.

### Coleman Resident Held in North

Domitio Hart, a truck driver employed at Hinton, B. being held by RCMP for questioning in connection with the death of Frank Korbol, an employee of a pulp mill at Hinton, Alberta.

Korbol died Sunday as a result of injuries received in a fist fight, details of which are not yet available.

The body was sent to Edmonton by Dr. M. Cantor, provincial coroner, for an autopsy to determine the extent and cause of the injuries.

### To Save Your Head ... Use It

Many lives can be saved from fire simply by keeping cool and using your head. So say experts of the Association of Canadian Fire Marshals and the Canadian Association of Fire Chiefs who, during Fire Prevention Week, October 6 - 12, are doing their best to emphasize the dangers of fire in the home.

The average householder may conquer a small fire but the best thing to do in fire is to notify the fire department.

If you have a telephone and can't remember the number — and you should post the number near your telephone — tell the telephone operator, being sure you give her the correct address.

Say near a door or a window so any sudden bursts of flame cannot trap you. If you are fighting a fire with a hose or any type of water stream, always aim at the burning object, never at the smoke or flame. If the fire is spread out over the floor or ground, start at the end nearest you and sweep it out completely as you advance. If the fire is travelling up a wall, put out the fire at the bottom first and then follow it up.

In fighting a fire caused by electricity, first turn off the power. You should know the location of the main house switch and a simple pull of the handle cuts off power throughout the house. That prevents the fire from being re-ignited and also avoids the possibility of giving yourself a severe electrical shock.

For most boys, "being a fireman" is the height of ambition. It's easy for parents to teach children simple, good fire-fighting practice by making a game of it. Who in the family does what, where and when in fire emergency can be a fascinating topic for family discussion.

It's true, according to the experts, that more people are killed by smoke and poisonous fumes given off by fire than by actual flames.

Many fires occur at night and by the time you waken they will have gained a foothold. Don't rush into the hall. Feel the door first. If it is hot don't try to open it as the hall is probably full of fire that will burst in. If the door is cool, it will burst in. If the door is possible, if you can, throw water on it to keep it cool. Open your window and attempt to attract outside attention. Never jump unless it is absolutely necessary.

Wait for the firemen to take you down with ladders. The wait may seem long, but the average city fire department is on the job within minutes of an alarm.

Deadly smoke and gases as well as actual flames tend to rise. Open stairways and open doors assist their progress. As a result, upper floors are usually the most dangerous. Investigation has shown that people are overcome more quickly while sleeping on upper floors than those sleeping on ground floors.

Don't give fire a place to start. But if one does come, use your head and you'll probably save it.

It's age-old advice — and it's worth repeating.

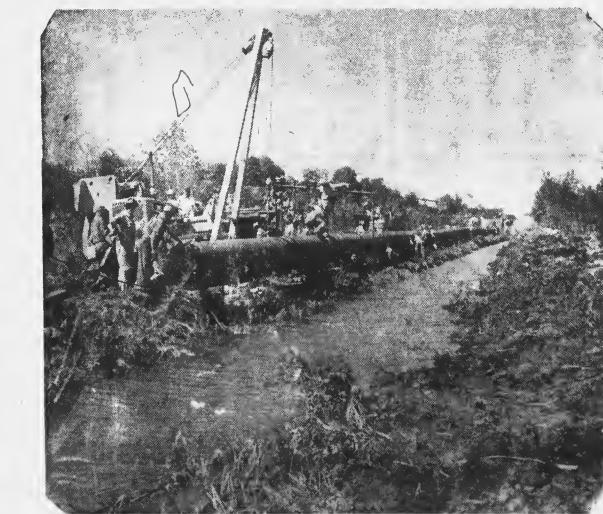

### Former Hillcrest Resident Wins Provincial Award

George Fry, former resident of Hillcrest, now living in Creston, B. C., and editorial writer for The Creston Review under the name of Coast River Gus, came in for a nice surprise recently when officials of the Pacific National Exhibition at Vancouver, announced he had won first prize for his Illuminated Address.

Judging from the official report it was very close but Mr. Fry won the section.

Under the section of Hobby Show Medalists, Mr. Fry also won a bronze medal for his entry.

The weekly road report issued by the Alberta Government Travel Bureau is being distributed regularly. It permits the travellers to keep abreast of the extent and type of road construction they may encounter along their planned route.

Pipelining through sloughs and muskeg has become almost routine for construction crews building the Trans-Canada Pipe Lines natural gas line from Alberta to Eastern Canada. Here in the vicinity of

Carberry, Man., the line-up gang works its way through a marshy spot on section five, followed by the welders and the dope gang. The crews work from a road of tree trunks, planks and sand. Before

this job is completed the pipe will be coated and wrapped, the ditch pigged dry and a 6500-pound concrete weight placed over the pipe to hold it in place.

## Opportunity THIS AREA

Canadian Company operating on a national scale has immediate openings for ambitious men or women to manage local business dealing with some of Canada's largest chain stores; can be handled in spare hours at start if desired; honesty and dependability more important than past experience. Our liberal financial assistance enables rapid expansion. This is a business on a high plane for high type men or women of character only.

APPLICANTS MUST HAVE APPROX. \$1,700.00 (Which is secured), and good references. These openings will pay you exceptionally high monthly income immediately, and rapidly increase as business expands. Prefer applicants aspiring earnings from \$10,000.00 to \$20,000.00 yearly. No high pressure men wanted as NO SELLING required. If you can qualify and have necessary cash, write today giving phone number and particulars for local interview. Write: Manager, P.O. Box No. 125, Station B, Montreal, Quebec.

## Advertising...

Modern advertising is a necessity to hold and build business. Be proud of your business, of the goods you have to sell, of the services you have to offer in your particular line. Show the progressive spirit and the desire to serve by advertising. Do not hide your light under a bushel — proclaim far and wide who you are and what you have to sell and where your place of business is, for public memory is short, and advertising is a powerful aid to all types of businesses. Moreover, people as a general rule shop where they are invited.

ADVERTISE REGULARLY IN  
**THE COLEMAN JOURNAL**

### Not Enough Using Polio Vaccine— Now Adult Disease

"So far this year, there have been five cases of severe diphtheria admitted to Toronto's Hospital for Sick Children, with one death. "None of these children had received diphtheria toxoid although the parents knew that it was obtainable, free if necessary, and that it afforded sure protection against the scourge of a generation ago," writes Dr. Crawford S. Anglin in an article appearing in the current issue of Health Magazine, official publication of the Health League of Canada.

He points out that this is just one example of how important it is for every family to maintain a high degree of protection against preventable disease by immunization.

"Prior to the production of a safe vaccine there were up to 8500 cases of poliomyelitis with 480 deaths reported annually in Canada alone. Every summer and fall there was a variable degree of concern bordering on panic in areas stricken with epidemic outbreaks of this paralyzing disease. At these times the great hue and cry from the populace 'Why can't something be done?'"

Well, as we all know, through the expenditure of millions of dollars on research and as a result of the time and effort of many research scientists working together in a vast co-operative enterprise, a highly effective preventive vaccine has been developed to provide protection of a high degree against the paralyzing and fatal effects of poliomyelitis.

As is so characteristic of human nature, the first year that it was announced that the vaccine had been prepared and proven, but was not at that time available in sufficient quantities, everyone was clamoring for it.

However, now that the vaccine is available in adequate amounts to immunize the whole population, there is general apathy amongst some segments of the population who have not taken advantage of the vaccine, even when it has been offered on a free basis.

It is difficult to explain why there is always a certain percentage of every community who fail to avail themselves of the progress in medical science and protect themselves and their families from these known preventable conditions.

Dr. Anglin urged that all Canadians who are not yet protected by immunization against this now preventable crippling disease do so as soon as possible.

"Poliomyelitis is no longer a disease of infants and children. Infantile paralysis, as the disease was called at one time, is a misnomer, for it is increasingly becoming a disease of adults over 18 years of age, where it is even a more crippling condition and a more serious economic problem.

Therefore, it is of vital importance that all age groups take advantage of this vaccine to control one of the formerly most feared devastating, contagious diseases."

Visitors like to take in the scenic beauty of Takakkaw Falls in Yoho National Park in British Columbia which makes a spectacular leap of 1300 feet into the Yoho River.

### Queen's Visit To Be Seen Live Coast-to-Coast

Ottawa, Sept. 23 — TV viewers in Vancouver, Victoria, Calgary, Lethbridge, Edmonton, Moncton, St. John's, Halifax, Sidney and Charlottetown will be added to the live microwave network for CBC coverage of the Royal visit.

In making the announcement today the CBC explained that arrangements with telephone companies in Canada and the United States, as well as with the American Broadcasting Companies in the eastern United States would make live coverage available to stations of the west coast and the Maritimes.

These links, like that of the Trans-Canada telephone system to Calgary, Lethbridge and Edmonton, are being provided especially for the Royal visit and do not constitute the beginning of regular microwave service to these areas.

This special service beyond the regular microwave facilities, will include all events being fed by CBC to its complete TV networks. It will include the arrival ceremonies and the opening of parliament. The only event still in some doubt is the address by Her Majesty to the nation on Sunday, October 13.

It is hoped that this will be "live" in all areas although clearances still has to be obtained from some ABC affiliates in order to carry it into the Maritime provinces. CBC will feed the sound portion of the address to all TV stations beyond the reach of the microwave network.

Regular microwave service to the Maritimes is expected early in 1958 and the link between Calgary and Vancouver late next spring. Calgary, Edmonton and Lethbridge are expected to be on the regular microwave network in time for the Grey Cup football final.

### CNIB Rural Campaign Starts Oct. 1

The annual campaign for funds in aid of the work of the Canadian National Institute for the Blind will open in Coleman and Blairmore on October 1st. This was announced today by Mrs. William Ford and Mr. F. J. Todunyak, campaign convener of the I.O.D.E., Crown's Nest Chapter I.O.D.E., which is sponsoring the CNIB campaign here.

In making this announcement, Mrs. Ford stressed the importance of this annual appeal.

"The Canadian National Institute for the Blind is the only organization having a general service program for blind Albertans, and the special services available to blind people through the CNIB can be secured from no other source."

The objective of the campaign for Alberta is -50,000. This amount is urgently needed to supplement municipal and government grants which the CNIB receives in order that the wide range of services which it has developed can be maintained. These services include: instruction in Braille and handicrafts, training in adjustment to blindness, vocational training, job placement and employment services, library, special concessions and personal services, prevention of blindness and general welfare services.

There are now nearly 1300 blind

people registered with the CNIB in Alberta, who look to the agency for service.

This register of blind people is constantly increasing, and the CNIB can only meet the additional demands upon it if adequate public support is forthcoming.

The annual rural campaign extends in all non-Community Chest areas of southern Alberta during the month of October.

### Letters to the Editor

High River, Alta.,  
 Sept. 1957.

Dear Sir:

Having been the Progressive Conservative candidate in the last federal election, I am now expected to keep the government at Ottawa informed on matters concerning the Macleod Riding.

A number of problems have been presented to the federal government and this letter is to let you know that this service is available if I can be of assistance to you.

One of the planks in our platform for the Crown's Nest Pass was to open the Japanese market for Alberta coal. This has been accomplished through the recent Order-in-Council on coal. To date, this new arrangement has resulted in the planned shipment of over 50,000 tons of coal from Canmore to Japan, and it is hoped that similar orders will be placed by the Japanese in the Crown's Nest Pass area. Mr. Diefenbaker, in a recent letter to me, has said "Please keep me advised from time to time and you may rest assured that the fullest possible consideration will be given to your recommendations and suggestions."

I shall appreciate your suggestions and advice in keeping the coal, farm, livestock, oil and other problems of the Macleod Constituency before the proper authorities at Ottawa.

Yours very truly,  
 LAWRENCE E. KINDT.

### Whose River?

"Rule of Seaway with Gangsters Said to be Hoffa Plan" was a startling recent headline. Hoffa is a toughneck American labor boss; and the seaway referred to is the St. Lawrence.

Hoffa's dominance of the seaway would of course be resented by all decent Americans as much as by Canadians.

But, asks The Financial Post, what curious conception of the seaway can make it even imaginable that a U. S. labor leader, even a respectable one, could boss it? Whose seaway is it, anyway?

The St. Lawrence river is wholly Canadian for 90 per cent of its length. For the other one-tenth, the rapids section on which the new canal is being built, it happens by historical mischance to be an international boundary.

### Antelope Season To Start November 1st

Only 500 Albertans are to be allowed to participate in this year's antelope hunting season.

A spokesman for the Alberta Fish and Game Department stated only 500 antelope licenses are to be sold in Calgary.

These will go on a first come first served basis.

Other provincial hunters will not be much better off as only 2500 licenses are to be sold in the entire province.

One kill  
 Hunters will be allowed to kill one antelope, either male or female during the season from Nov. 1st to 9th inclusive. Hunting will be allowed throughout the province with two exceptions — the large Eastern Irrigation District and on the lands of the British block at Suffield (the United Kingdom Experimental Station).

Separate licenses are to be sold for antelope hunting and will cost lucky nimrods \$5. The 500 licenses

allotted to the Calgary area will go on sale at the Alberta Fish and Game Department's local branch at 134, 8th Ave. E., October 1st at 8:30 a.m.

Licenses may also be purchased by mail from the Fish and Game Commission's office, Lands and Forests Department of Natural Resources Building, Edmonton. These licenses will be granted on a first come, first served basis and will not be considered unless postmarked later than Sept. 30.

### Proxy Applications

Proxy applications will be accepted at local Fish and Game branch office, provided the issuer is satisfied as to the validity of the proxy. No non-resident antelope licenses will be issued this year.

Any licence application received by mail after the provincial quota of 2500 licenses has been filled, will be returned to the sender. In making mail application hunters must state their name, address, occupation and enclose the required \$5 fee.

### TIDE - RIPS (By Jim Brahan)

A runaway bus, a treacherous mountain road, and a heroic driver teamed up to provide a handful of Canadian sailors from HMCS "Quebec" with a thrilling but somewhat hectic ride, during one of the ship's visits to Trinidad in the West Indies.

A group of men from the Canadian cruise ship travelling by bus from Maracas Beach to Port of Spain, a distance of 16 miles through rugged mountain country. The vehicle was wheeling down one of the steepest grades when the brakes suddenly failed. The civilian passengers along with the conductor of the bus quickly decided they wanted no part of the situation and promptly bailed out. The Canadians and the driver prepared to ride it out.

The speeding bus careened down the narrow, sinking road, which ran along the side of a cliff. One wrong guess on the part of the driver meant either being smashed into the side of the cliff or going over the side for a drop of nearly 1000 feet.

A shift into low gear slowed them down momentarily, but their wild ride was quickly resumed as the clutch could not stand the load and burned out. The sailors encouraged the driver to try and break their speed by grazing the vehicle against the side of the cliff. This method of slowing down was extremely hazardous and many a prayer was said as the bus careened around hairpin curves and roared down the straightaways.

After what seemed an eternity the runaway came to a halt and the seamen staggered out badly shaken up but otherwise unhurt. The driver was profoundly thanked, and congratulated on his skill on bringing them unscathed through such an experience.

Another bus was sent out from town to take over from its broken down cohort, but very few of the men got aboard. Most of them walked the remainder of the way to town, while a couple of hardy souls tried their hand at hitch-hiking.

### Alberta Wheat Pool now have seed division

Commencing August 1st the Alberta Wheat Pool will be in a position to handle forage and cereal seed crops on a co-operative basis for Alberta farmers. This announcement was made in Calgary this morning by Ben S. Plummer, chairman of the Pool's board of directors.

Earlier this summer the purchase of the assets and properties of the Alberta Seed Growers' Co-operative was announced but at the time, the actual date of transfer had not been established.

The new Seed Division of the Wheat Pool will be in a position to handle deliveries of seed from this year's harvest, expected to get under way in parts of Alberta within the next week or two.

Mr. Plummer said that few changes in staff, facilities and operating methods from those of the Seed Growers' association are planned at the present time. Producers will have the option of selling on a pool basis or they may sell their seed outright to the Seed Division.

Initial payments and prices will be established as soon as possible.

New Alberta accommodation travel booklet is off the press and is available on request from the Alberta Government Travel Bureau. It lists, with a star grading, all motel accommodation in the province, as well as hotel and camping site details.

# FIRE PREVENTION WEEK

## OCTOBER 6th to 12th

Are your children safe from fire at home and at play?

"I'm sure most folks can answer 'yes', says Fire Chief J. A. Kinnear. Parents generally realize that they can do a lot to keep fire from harming their youngsters."

For those parents who may have a few doubts, though, the Chief has this special Fire Prevention Week advice on child fire safety:

1. Keep very young children - two and under - in sight and in mind all the time; they need 100 per cent protection from fire.
2. Teach older children the safe and proper uses of fire and thus to respect it; remember that they learn best by your example.
3. Keep the child's home your home - free of fire hazards; your fire department is ready to help you spot these hazards.
4. Know the right way to escape from any building in an emergency and train your children to be as ready and able to do the same.
5. There's a quick and a sure way to call the fire department; knowing the right way before any sudden emergency can very well mean the saving of precious seconds and perhaps even the life of a child.

## United Church Women Hold Rally

A combined W.A. and W.M.S. rally was held in Blairmore United Church on Thursday last, September 28th.

The theme was "Uniting Our Loyalties". Mrs. E. A. Harper, vice-president of South Alberta Presbytery, extended a welcome to approximately 45 ladies. The president of Blairmore W.M.S., Mrs. S. Bannan led the devotional which reminded us that "Service is the rent we pay on God's Room".

Guest speaker for the morning was Mrs. A. R. Eastes of Ponoka, vice-president of Alberta Conference branch, who used her report as a delegate to Dominion Board as a basis for her talk.

She spoke first of the roll call which was answered by presidents of Conference branches and delegates from all parts of the Dominion, as well as widely known missionaries.

The minutes flew by as Mrs. Eastes related experience told by the missionaries which not only gave us an idea of the work they are doing, but of their urgent need of assistance from us.

She also stressed the fact that it is our duty as a Christian Citizen to encourage our members to get out and vote against additional liquor outlets in the coming plebiscite.

A visit to the depot where relief clothing is received, sorted, repacked and shipped was described in detail and we were told how some large food and clothing companies have given so generously to Overseas Relief. We should encourage our young girls to make use of the opportunities opened to them at the Training School.

Rev. Thompson of the Blairmore United Church spoke briefly on the liquor plebiscite prior to a delicious luncheon served by the Blairmore ladies.

The afternoon session was chaired by a member of the Blairmore W.A., Mrs. A. McKay, who, along with Mrs. Fraser, presented the worship service, stressing thought "Greater love hath no man than that he lay down his life for his brother".

The guest speaker for the afternoon was Mrs. M. Eger, of Irma, Alberta, president of Alberta Conference W.A. and delegate to the Dominion Council.

Her report began by the theme used at Dominion Council "Glorify the Church". Let the Glory in our lives be shown by our own actions. As a summary of the reports given by each Presbytery we find that helping Youth Groups in the Church work is uppermost in the minds of the women.

The trailer camps in Alberta require special effort from our members to keep in contact with and make these moving Christian families welcome.

Christian literature is becoming increasingly popular as are Training Schools and short courses.

It was interesting to know that the increase in the population of the United Church is double the increase in the population of Canada. A total of 6,110 United Church Women's Associations with a total membership of 212,636 ladies raised \$4,885,242 annually to provide for manse and church upkeep, helping all ages of youth groups, providing homes of many types and Overseas Relief.

The uniting of W.A. and W.M.S. was discussed and all locals are urged to study the new plans being made.

At this time we were favored with a beautiful solo by Mrs. M. McLeod.

"A Family Camp at Naramata" was the subject of Mrs. A. McKay's address, and was so delightfully presented that at the close each lady felt as if she had been among the group at Naramata with the McKays. The surroundings, the close companionship of all campers, and school and its training and leaders, the inspiring religious instruction and the wholesome entertainment for the children all sided in "Uniting our Loyalties to God".

Book reviews on United Church publications were given by the Literature secretaries from the W.A. and W.M.S.

Miss Hodgson of Pincher Creek adjourned the meeting with a closing benediction.

Hunting season is ahead, with the hundreds of visitors coming to Alberta for the game, busy preparing their weapons. A new classification of hunter will be included among the regulars this year. The archers have had a section of land between two park areas set aside for their use. No firearms are permitted in this hunting preserve.

## Program Schedule Oct. 2 - Oct. 8

### Wednesday, Oct. 2

4:00 - Test pattern.

10:00 - "Faux".  
12:00 - Scoreboard.

Modern pools and clear, spring-fed lakes beckon the swimming enthusiasts, while many of the sturdier souls spend long hours riding or hiking along scenic mountain or prairie trails of Alberta.

## Paul Filewich Wins Greenhill Trophy

Paul Filewich, a young sharpshooter from Coleman won the Greenhill Trophy at the trap shoot in Blairmore last Sunday.

A very poor crowd turned out to witness the event and only five members of the club entered the shoot.

Paul tied for first place with Albert Getman of Coleman; — knocking down 40 clay pigeons. On the shoot-off, with Filewich at a handicap, he shot 33 and Getman counted for 19.

Runners-up were Rudy Yelka and H. Morency with 39 each.

## Boy Scouts To Hold Jubilee Show

On Saturday, October 19, 1957, Scouts and Cubs from across southern Alberta and from Montana will take part in a Jubilee celebration of 50 years of Scouting, and also the 100th anniversary of the birth of the Founder of Scouting Lord Robert Baden-Powell.

It is expected that some 1500 Cubs and Scouts from all districts in Southern Alberta will be taking part in this huge celebration, that starts in Lethbridge with a monster parade at 3 p.m. in the downtown area. Scouts and Cubs from the Medicine Hat district, Foremost district, Flatlands district (Taber and area), Porcupine district (Claresholm, Fort Macleod), Pincher, Crows Nest district, Cardston district, Chinook district (Raymond, Magrath), Foothills district (High River, Okotoks), and also some 80 Scouts from Great Falls, Mont., will take part in the parade during the afternoon.

The evening celebrations to be held in the Lethbridge area will be in the form of a show to acquaint the public with the activities of Scouting. 1,000 Boys will take part in this show and have asked that everyone both young and old, come and spend an entertaining evening with the whole family. There is no charge for the show. They will not only see Cubs and Scouts showing you the work that they do, but also a dramatization of the settling of Southern Alberta. There will be Indians, traders, pioneers, K.N.W.M.P. and the laying of the CPR.

The show is being sponsored by the Lethbridge District Scout Council in co-operation with Scouting officials of Southern Alberta, and will be the largest show ever to be held in Southern Alberta by the Scouts and Cubs.

## Engagement Announcement

Mr. and Mrs. Lybacki of Bellevue wish to announce the engagement of their daughter, Eileen Joan, to Mr. Edward Kemp of Radium Hot Springs. The wedding is to take place on October 19th at 3 p.m. in the United Church, Bellevue.

The whole province of Alberta is an excellent hunting ground for ducks, geese and upland birds. Later in the season deer, moose, elk, bear and mountain goat are all fair game for the hunter's rifle.

## "Nature Knows No Pause In Progress And Development"

(Author's Name Below)

Our fight against sickness is a continuous one. Research workers are always seeking better drugs and new treatments. About one-third of the ingredients in last year's prescriptions were unknown the year before.

We must keep well informed. A newly discovered drug can almost overnight change a physician's prescribing habits, so that there is no further need for the replaced drug. Every prescription pharmacy regularly discards these drugs that are no longer used.

Despite all this, the cost-per-illness of medicines grows less each year. You get better so much more quickly.

YOUR PHYSICIAN CAN PHONE
